Opportunities***

"Serving our professional members with comprehensive training, advancing the human resources profession, and ensuring HR is viewed as an essential and effective partner in organizational strategy."

Who is INSHRM?

Founded in 1939, the Inland Northwest Society of Human Resource Management (INSHRM) is the Spokane chapter of the Society for Human Resource Management (SHRM). In 2020 we will celebrate our 81st association anniversary! As you can see, we have lots to celebrate:

- INSHRM is now the second largest SHRM chapter in Washington
- Our current membership is just over 500 members
- We continue to expand and are planning over 20 events in 2020 for our members

We are excited to share with sponsors some newly available opportunities to showcase your organization to the greater Spokane and North Idaho HR communities. Partnering with INSHRM provides your organization with access to some of the best and brightest in the HR field.

Our sponsors — just like our members — represent a variety of industries and specialties. Available to you are several sponsorship options so you can find the one that's right for you — whether your goal is to build new prospects, strengthen relationships with existing customers, or simply to build brand recognition in the communities where our members work.

Who are members?

While we are affiliated with SHRM, our chapter operates independently and has a unique member base of more than 500 people, representing HR professionals at all levels from companies of all sizes. Here's a quick snapshot of our members — and your potential customers or partners:

- 72% of our members are HR practitioners
- 5% of our members are students
- 7% of our members are in job transition or retired
- 16% of our members are affiliates, which means they provide HR practitioners with a product or service

What do they do?

- 8% are CHROs and Vice Presidents
- 21% are Directors
- 30% are Managers
- 41% are Generalists, Recruiters, Analysts, and Payroll
